

## MoU Signed Between RDSDE Maharashtra/NSTI Mumbai and DVET, Government of Maharashtra for Capacity Building of ITI Instructors on 27.04.2026

The Regional Directorate of Skill Development and Entrepreneurship (RDSDE), Maharashtra, has entered into a Memorandum of Understanding (MoU) with the Directorate of Vocational Education and Training (DVET), Government of Maharashtra, to strengthen the capacity of Industrial Training Institute (ITI) instructors across the state.

This collaboration aims to enhance the quality of vocational training by upgrading the technical expertise and instructional capabilities of ITI instructors. The initiative focuses on equipping trainers with modern teaching methodologies, updated technical knowledge, and industry-relevant skills to meet the evolving demands of the workforce.

Under this MoU, structured training programs, workshops, and faculty development initiatives will be conducted to promote continuous professional development. The program will emphasize hands-on training, exposure to emerging technologies, and alignment with industry standards, ensuring that ITI graduates are better prepared for employment opportunities.

This partnership represents a significant step toward strengthening the vocational education ecosystem in Maharashtra and supports the broader vision of creating a skilled, competent, and industry-ready workforce.
